Dear Mr. Kirby:

This is in response to your Form PI-7 entitled "Permit By Rule Registration" concerning the registration of Ingleside Crude Oil Storage and Barge Loading Facility in San Patricio County, Texas. Emissions for this site are estimated at 9.98 tons per year of volatile organic compounds.

After evaluation of the information which you have furnished, we have determined that your registration is authorized under Title 30 Texas Administrative Code §§ 106.261 and 106.478 (30 TAC §§ 106.261 and 106.478) if constructed and operated as described in your registration request. These permits by rule were authorized by the Executive Director of the Texas Commission on Environmental Quality (TCEQ) pursuant to 30 TAC Chapter 106.

Copies of the permits by rule in effect at the time of this registration are

enclosed. You must construct, install, or modify facilities in accordance with the version of the permits by rule in effect when construction, installation, or modification actually begins [see 30 TAC § 106.4(a)(5)]. After completion of construction, installation, or modification, the facility shall be operated in compliance with all the applicable conditions of the claimed permits by rule and 30 TAC § 106.4.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality rules and regulations of the TCEQ and of the U.S. Environmental Protection Agency at all times.

Your cooperation in this matter is appreciated.
